Contractor                                         │
                                                   ▼
Need to select because BuildSpace's BQ consist  ◄┄┄┄  Assign Types
of multiple types & units function                    and Units
```
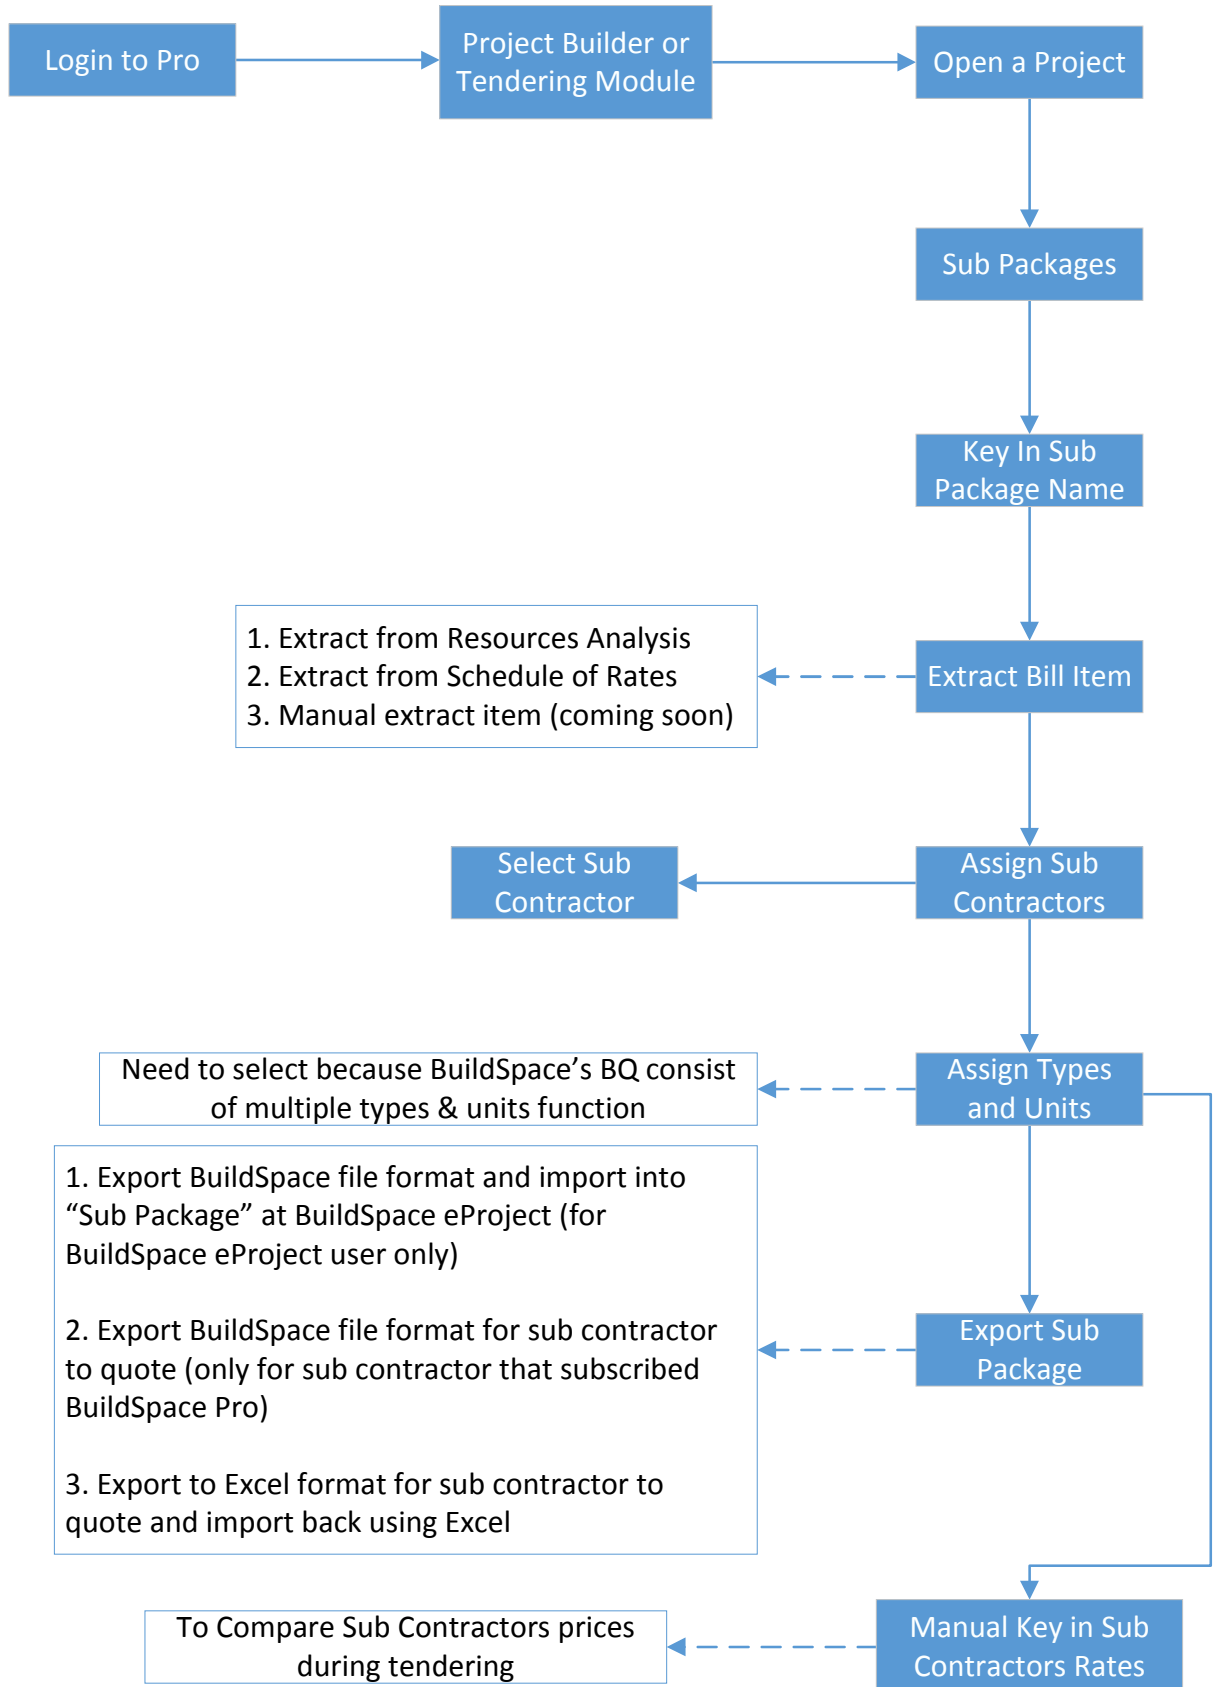

1. Export BuildSpace file format and import into "Sub Package" at BuildSpace eProject (for BuildSpace eProject user only)

2. Export BuildSpace file format for sub contractor to quote (only for sub contractor that subscribed BuildSpace Pro)

3. Export to Excel format for sub contractor to quote and import back using Excel

◄┄┄┄ Export Sub Package

To Compare Sub Contractors prices during tendering ◄┄┄┄ Manual Key in Sub Contractors Rates

---

Note;

1. This is for BuildSpace eProject & Pro user to compare sub contractors' rates during tendering stage.

2. This is for BuildSpace eProject user to export sub con BQ to proceed proper e-tendering process for sub contractors in BuildSpace eProject.
